Some keen eyes may have noticed that the drawing style is different from ep 1 & 2 from 3 ...

I drew ep 1 and 2 even before I'd be given permission to upload. It took more than six months for my webtoon to be officially approved.

Took so long...

My drawing style altered as I was exploring my options and was doing other concepts.

They look too different.

I tried my best to make ep 3 style as close as how characters looked in ep 1 and 2.

Before changing your faces of characters, change your own first !

Why portray yourself as a fog?! You can express your own expressions in that face of yours !

You drew it ! Why can't you draw again the way you did ?!

Please ... even if you see imperfections here and there, please have mercy on me.

Thank you.

Is this what all new employees go through?

Pretty much. Nothing is easy after all.

Although, in you case, the training has been made harder.

Whoa ?!

Only me ?! What for ?!

It was the boss' order.

I get half of the bet if you give up.

Ugh !

I don't believe this! I can't believe he'd do this!

Fine, whatever! I am not giving up!

What's going on over there?

I advise you to have at least diagnostics at a hospital. Just to be safe.

I am not going to a hospital !

What's the matter? Why can't you go to a hospital?

.....

Well ...

It's ... not what you think...

I am a little dizzy because today is my period !

Are you happy now? Did you have to make a girl say this?!

Uh, well ...

I am sorry. Just go home and get some rest.

Ah, Kkami!

Nice song, right? I made it !

What's your plan on this Saturday?

Saturday ?

Oh, it's your field day !

Were you worried that I wouldn't come ?

Don't come !

Not that I can't understand her

I mean I stole her dad's spot after all.

Yeah, you said...

You said you thought about me every single day for 7 years, didn't you?

... I did, too.

I mean I felt so sorry for you...

And I missed you so much...

I felt so lonely ...

I didn't show up in front of you all of a sudden.

I've always had you in my mind

How is my daughter-in-law doing? She's a judge, right?

She is not a judge !

No, she is not a prosecutor also!

She's a lawyer!

Well, yeah, she's doing fine.

Huh? Kkami? Don't worry! She likes me very much !

Hahahaha !

Mom, grab Mr. Kim.

You know he's serious about you, mom !

I am at work now. Talk to you later !

The kid's got a silver tongue. Sigh...

Hello, how are ya.

You are a policeman. Patrol around. Why are you here ?

My daughter from Dagu sent me this herb extract. I'd like to share it with you.

Hello !

My name is Kim Yeol ! I've been sent here as a supervisor !

Um..., the manager is not here yet...

So? Fear not ! I am here !

Count on me ! Keep working !

Why would you want to know that ?

You know better than me that patients' medical records are private.

Dr.정석원

And you know you can tell me without actually telling me.

Dude, did you study the laws for this? What the heck?

I am not willing to do such a dirty favor.

I am worried. She got married all of a sudden and now she's taking too much work.

It feels like desperate sprint before something bad happens...

You shouldn't be paying too much attention to someone else's wife. It's wrong and you know that.

Oh, fuck, I know that ! But it is not about that ! You know that !

Yeora has been like my sister to me ! You do know how harsh her childhood was !

All I really want to ensure is her happiness. Nothing more.

Just answer the question. Did you or did you not strangle him?

I grabbed him by his collar. That's all I did !

He kicked me ! Look here !

He grabbed me by collar, yes, and tried to choke me!

I thought I was going to die!

Please be quiet for a second !

You did grab him by collar and threatened, yes?

Do not answer that.

I didn't say I'd sue.

I just wanted an apology. That was all.

Fi Yeora called me.

I was nearby by luck.

You work in the same lawfirm? Hehsh, nice to meet you.

I am her husband.

Do you always behave like this ?

I can't blame you for the way you behave.

But remember: You are not alone. You are the man of the house.

If you have energy to waste for something like this, pay more attention to your wife

What was that about?

Argh !

Man, it hurts.

Do you even know what a supervisor is for ?!

Your job is to observe and report any issues to HQ !

You cannot afford to cause issues !

If you are going to act like this, just quit now !

But the man was harassing our employees...

So ?! Are you going to grab him by his collar again ?!

No, I will not. I apologize.

This was your first incident.

So, I will let it go this time. But there won't be next time !

Yes, sir ...

And follow me !

Drink !

Good job today.

Pardon?

A man of his age should have known better

Good job. I might have done the same.

But you said ...

As a business owner, yes, I stood by what I said.

I did say I'd be your accomplice off work.

We need to protect the weak. I understand why you did what you did.

Although I can't say I approved your method. Grabbing an elder is never a good idea.

If I leave now, she will become an orphan like myself !

Didn't you miss me, Yeora ?

Excuse me ?! Theft ?!

Manager, I am here !

Oh, Mr. Kim ?

I see you pretty often lately. We could be friends.

Hehah, even in my home town, I had a close relationship with local police.

Anyway, I heard there was theft? What's the damage ?

Damage? Laughable.

Few bags of coffee beans, and what? bottles of syrup ?

No cash was stolen. No expensive machines were taken.

A newbie thief? Anyway, I am glad. It isn't serious.

Could it be the guy in the next door ? He has been kicking to get back at us for a while now.

It is possible but this happened right after I changed the security code...

Meaning it is likely an inside job.

Something came up at his work. He had to go. He said sorry to you.

It's okay. All I need is mom. I don't need him.

Kkami, he is your dad now.

He is a guy I love and you should love him as well.
